Roma, 21 SET. 2009

Dear Dr Andrea Micheli,

I would like to thank you for your letter of August 4th regarding the III International Cancer Control Congress that is going to be held in Cernobbio from the 8th till the 11th of November.

I agree with you about the need of developing international collaborations programs in the fight against cancer field. From now on you will count with my collaboration to promote and facilitate contacts within the countries of my office competence. Unfortunately I will not be able to participate to the ICC3 because in that week I will be in a mission in Indonesia and Malaysia.

I will be very grateful if you could inform me about the results and decisions taken in the congress regarding the collaboration between countries of the Mediterranean area.

Best regards,

Stefania Craxi

**Support from
Vice Minister
Stefania Craxi**

عزيزتي دكتور,

desidero ringraziarLa per a Sua lettera del 4 agosto scorso relativa al III Congresso Mondiale su "Cancer Control" previsto a Cernobbio dall'8 all'11 novembre p.v.

Concordo con Lei sulla grande importanza di sviluppare programmi di collaborazione internazionale nel settore della lotta ai tumori e metto a Sua disposizione sin d'ora la mia collaborazione per favorire e facilitare contatti nelle aree di mia delega.

Mi sarà però, purtroppo, impossibile partecipare all'ICCC3 poiché nella settimana in cui è previsto il Congresso di Cernobbio sarò in missione in Indonesia e Malaysia.

Le sarò grata se vorrà tenermi informata sulle decisioni che verranno prese in tale occasione in merito ai rapporti di collaborazione tra i Paesi del Mediterraneo.

Con molti cordiali saluti

Stefania Craxi

Dott. Andrea Micheli
Direttore Studi Descrittivi e
Programmazione Sanitaria Fondazione IRCCS
Istituto Nazionale dei Tumori
